### ABOUT ME

With over a decade of experience in finance, including my last role as Head of Finance and HR for a fashion company in Paris, I made the bold decision to transition into the tech industry, driven by a **passion for web development and problem-solving**. Throughout my career, I have developed strong analytical and leadership skills, which now complement my technical expertise in HTML, CSS, **JavaScript, React, and TypeScript**.

I excel at collaborating with cross-functional teams, ensuring that design, development, and business goals align to deliver user-centric, high-quality products. As a **team player**, I thrive in dynamic environments where **continuous learning and innovation** are encouraged. I am excited to contribute to projects that improve user experiences, streamline operations, and drive business growth.
